Jash Chauhan

PDEU, Gandhinagar, Gujarat, India • jashchauhan1210@gmail.com • 8401540115 • Portfolio

Education

Pandit Deendayal Energy University Gandhinagar, India
B. Tech in Computer Science, 8.98 GPA

Prime International High School Jamnagar, Gujarat
JEE Score: 96.6 pr April 2024

Experience

Student Satellite Program (In collaboration with ISRO) PDEU, Gujarat
Algorithm Engineer – ADCS Sub-Department Feb 2026 - Present

- Control Theory: PID Control, LQR, or Sliding Mode Control. •Estimation**:** Kalman Filter (UKF/EKF), Sensor Fusion. • Space Dynamics**:** Orbital Mechanics, Quaternions, Euler Angles. • Tools**:** MATLAB/Simulink, C/C++, Python.

AgreeGenius Gandhinagar, Gujarat
Software Team Manager Aug 2025 - Present

- Experience in building practical and useful software that supports farmers from plantation stage to their sales. • Real time whether data access. • AI crop prediction feature. • IOT sensors input fetching integrated.

TIR Club, PDEU PDEU, Gujarat
Lead Web Developer Oct 2026 - Present

- Designed a dynamic event-tracking engine(of clubs) that pushes live updates to the client-side via asynchronous event loops, ensuring data consistency across multiple users. • Using tech like Express.js, Lucide React, Tailwind CSS 4, TSX, Vite 6, TypeScript, React 19.

Airsor Remote
Computer Vision Dev Feb 2026 - Present

- Libraries: OpenCV, MediaPipe, NumPy. • Algorithms**:** Hand Landmark Detection, Frame Masking, Bitwise Operation. • Concepts**:** Human-Computer Interaction (HCI), Real-time Image Processing

Airvision – AI Remote
DevOps Engineer Oct 2025 - Present

- Experience in building practical and useful software that supports farmers from plantation stage to their sales.

Health Buddy Gandhinagar, Gujarat
Full Stack Dev Sep 2025 - Present

- Health Buddy is a full-stack web app that integrates AI-powered disease detection and a doctor-locator feature for smart healthcare assistance. • Designed for speed, usability, and scalability, showcasing end-to-end integration of ML models within an intuitive, responsive web dashboard.

Skills & Interests

- **Technical**: Python, CSS, HTML, Tailwind CSS, React.js, Arduino, Prompt Engineering, Supabase, CAD, 3D Printing, CPP, Competitive Programming, Computer Vision, Image processing, IOT.
- **Soft skills**: Leadership, Effective communication
- **Language**: English, Hindi, Gujarati
- **Laboratory**: MATLAB, SolidWorks
- **Interests**: Running, Singing, Playing Guitar, Conceptually Sci-Fi Films, Entrepreneurship, Financial Market analysis
